The Truth About Insurance

ARE YOU SELF EMPLOYED? CAN YOU AFFORD NOT TO HAVE AN INCOME IF YOU FALL ILL?

DO YOU WANT TO PROTECT YOUR INCOME?

*We have the solution with Temporary Income Protection
If you fall ill and have no cover, you could fall behind on all your expenses.*

Marieka – A self employed dentist has been incapacitated 3 different times from a period of one week to a month over the past 3 years. "How wonderful that I have been paid out every time, enabling me (a) to have peace of mind about money, and being able to spend the correct amount of time recovering, and (b) Still being able to make all my monthly expenses timeously. "How wonderful to be able to have your baby and know that for the first month, your salary will be paid in full. It allows you to recuperate after the birth, and spend quality time with your new baby with peace of mind"

Konrad – Self employed insurance agent fell off his bicycle while training. Fractured his shoulder and couldn't work. Was off work for a whole month, and paid in full for the whole month.

With Temporary Income Protection claims are settled very quickly and easily to offer peace of mind.

Disability cover normally only pays out if you are completely incapacitated, but statistics show that 98% of illness and accident is only temporary so you need income protection for this type of illness.
